SOME Spring Sinks

NUMEROUS SUGGESTIONS

Firstly—We would suggest that you inspect our immense and choice stock of new Spring Silks when you make your purchases. We use no worse to induce you to buy. The Silks must speak for themselves. Their prettiness and exclusiveness of design, their goodness in quality and lowness in price will be eloquent demonstrations of their worthiness even to the poorest silk judges.

Secondly—We do not know how to tell you how good our Silks are—they are all so pretty and stylish. We merely mention prices, as you can compare and make your choice. Plain Taffeta in all colors at 40c and 50c; in Black also at 40c and 50c. Our stock of Fancy Silks was never so large or so well selected. The new lace in the new insertion and corded effects, prices 75c, 80c, 85c, 90c, 95c and \$1.00. Most of these are in waist patterns only. New Tulle, with the new sheer finish, worth 15c, our price 8c a yard. The very latest flat is the Silk Handkerchief waist. We have 'em at \$3.50 the pattern. Your inspection cordially invited.

The first American horses taken to the Philippines did not take kindly to the native hay, and it became a serious problem with General Otis how to feed the horses. One of the troopers poured molasses on the native hay and his horse consumed the ration with great relish. It was tested in other cases and it worked charmingly, and molasses is now used to form a part of the rations for all American horses in the Philippines. Horses are reported to thrive amazingly in the new regime.

CARD PLAYING.

Address on This Subject From the Pastors of the City.

At a meeting of the Pastors' Union yesterday the following Pastoral address to the membership of the Churches represented was adopted:

Dear Brethren: We are constrained to address you upon a matter concerning deeply as we believe, the cause of religion and morality in Maysville. We refer to the spirit of worldliness in our city; especially to the present craze for card playing.

We cannot canvass at length the injurious tendencies of this. We may, however, confidently appeal not only to the testimony of Christian people, but to the judgment of those outside the Church that it is unbecoming to, if not absolutely inconsistent with, the Christian profession. We are not at war with any innocent forms of social diversion, but we must warn you against that which tends constantly to break over the bounds, and to develop in our men, and alas! in our women, too, the passion for gambling. The spectacle of Christian women contesting for prizes in progressive euchre clubs, or other fashionable forms of gambling, with their frequent evil accompaniments, must make the thoughtful grieve. If it does not affect the delicacy of Christian women, it injures at least their usefulness in Christian work. Do you not know that even the Judges of the civil Courts have been compelled to charge Grand Jurors to inquire into these violations of the law by Christian people? We tremble for the cause of religion when those who should be the chief ornaments are thus bringing discredit upon it!

We therefore earnestly counsel and implore you to eschew and discountenance these practices. "Not that we have dominion over your faith but are helpers of your joy." We are jealous for you and the honor of the Church.

Let us so conduct our social life that others may be influenced for good and not for evil, the cause of God may be advanced, and Christ may not be wounded in the house of His friends.

Remember That Monday Next is the Day in This City.

April 1st will be Sunday next, and the next day is County Court Day in Maysville.

All Fools Day reminds us to remind our readers of the old hat sitting upon the sidewalk. Don't kick it off, or you'll have to tie to remind you of boyhood.

You'll hear some fellow calling you or sending you for something; don't pay any attention to such, for you don't want to be made a fool of.

But one thing is sure, if you don't come to Maysville next Monday you'll be the worst fooled fellow in this part of the country.

You know April Court Day is the first spring Court Day, and that means everything to the farming part of the country.

The principal features of that day will be stallion show, and the animals exposed will be fine and many.

There are too many things to speak of here, so we'll tell you from day to day.

DRUGS CANNOT BE CURED

By local applications, as they cannot reach the source of the trouble. There is no way to cure them, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running nose or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation has been taken out and the tube restored to its normal condition, hearing will be destroyed forever. In no cases out of ten are cases cured by ear medicine, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of deafness caused by catarrh, that cannot be cured by HALL'S CATARRH CURE. Send for circulars, or call on J. J. CHERRY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Catarrh Pills are the best.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of anything else for Indigestion or Biliousness. They used August Flower. It is a very reliable, safe, and pleasant remedy for Indigestion, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system, and keep the bowels in good order. It is a good food, regulate the action of the liver, stimulate the nervous and circulatory system of the system, and that is all they look when feeling dull and laded with headaches and other aches. You only need a few doses of August Flower in liquid form, to make you satisfied there is nothing superior to the matter with you. For sale by J. C. Crow.

UNDER all rules of evidence the testimony of WHARTON GOLDEN must be

strongly corroborated before it will be accepted by a competent court.

If there is a solitary Republican in

Kentucky who expects any of the state

Courts to decide in favor of Governor

TAYLOR, he ought to be bored for the

hollow-horn.

"GOVERNOR" BECKHAM has "par-

doned" the notorious "Tamarac" Da-

vis, sent up from Midway for mass

slaughter, and the Goebelized papers

haven't a word to say in protest.

THE Frankfort correspondent of the

Lexington Leader tells something of the

"coaching" of WHARTON GOLDEN

the morning before he was placed on

the witness stand by TOM CAMPBELL.

"During the recess of the Court

enough was learned to give color to

the belief that something besides a

weak heart or bleeding lungs, or even

nervous collapse caused by fear or ex-

citement, was responsible for the

breaking down of WHARTON GOLDEN

while under examination this morn-

ing.

"It was discovered that somebody on

the side of the prosecution has been

fixing GOLDEN with liquor lately, and

the theory is advanced that he went

to pieces as the result of the sudden

shutting off of his supply of strong

drink when he went into Court.

"At 2 o'clock this morning GOLDEN

was in a local saloon attended by a

police man. The officer bought him

and whiskey, according to the bar-

keeper, and GOLDEN, as well as the

police man indulged freely. The later

paid the bills, if the saloon man

speaks truthfully. On leaving they

had one bottle filled with whiskey

another with milk for future reference.

The names of the police man and of

the barkeeper are known."

So CAMPBELL is at his old tricks

in "fixing" witnesses!

JUDGE HARRISON of the Mason

Circuit Court dismisses a case because

the warrant does not specify that the

offense was committed in "Mayville,

Mason county, Kentucky." This is

according to the "strict forms of law."

But Judge MOORE of the Franklin

County Court has no fine scruples

about the "forms of law" when polit-

icians are to be arrested, even though

innocent men be punished. The out-

rageous character of his "rulings" is

best set out in this summary from The

Cincinnati Times-Star:

JUSTICE'S KEEN EYE IN KENTUCKY.

"The first day of the trial of CALDER

BOWERS, Kentucky's Secretary of

State, charged with the murder of

Senator GOEBEL, induces the belief that

the hearing is conducted before the

Democratic Election Commission under

the Goebel Election Law.

"At the beginning of the hearing

Jour. YORRIS BOWEN, counsel for the

defense, called attention to the fatal

defectiveness of the warrant in failing

to specify the place in which the al-

leged murder was committed. The

warrant does not say whether the as-

sault occurred in Franklin

county, Kentucky, Japan or the Congo

Free State. It was a question of juris-

prudence that was involved and Judge

MOORE ruled that the warrant followed

the line of criminal procedure and that

THE CORRESPONDENT OF THE RICHMOND

Patriarch says: "There is a woeful

lack of feather beds in Washington."

Owing, probably, to the fact that so

many of the residents have "soft

places" in the public service.

TOM CAMPBELL, who was hundreds

of miles away, knows more about the

exact spot where GOEBEL fell than does

Colonel JACK CHINN, who was walking

with GOEBEL when he was shot. The

following bit of information on this

point is given by The Louisville Post's

Frankfort correspondent:

"Shortly after 9 o'clock Attorney T.

C. CAMPBELL, County Attorney POL-

LOCK, JACK CHINN and The Evening

Post correspondent went to Capitol

Square for the purpose of giving Mr.

CHINN a chance to locate the spot

where GOEBEL fell on January 30th. It

was his first visit since that fatal

day. CHINN walked to a spot well to

the side and above the fountain. Here

he stopped. The place was higher up

than most of the spectators had imag-

ined. CHINN dropped, but coincided

with the belief of Policeman ZACK

THOMASSON, who had driven a nail in

the pavement within five inches where

CHINN panned. This evidently did not

suit the designs of Attorney CAMPBELL,

who insisted that GOEBEL had been

shot a yard or so closer to the Capitol

steps and on a line with the Secre-

tary of State's office and that famous

bullet-marked tree. He attempted to

impress this upon CHINN, who was

positive, however, as to the locality.

CHINN could not be prevailed upon to

move more than a few inches either

way.

"But CAMPBELL was insistent. For a

man who had been several hundred

miles away when GOEBEL was stricken

down he seemed to know a great deal

about the fatal spot."

HERE are just a few samples of the

testimony given by one WHARTON

GOLDEN, upon whose evidence TOM

CAMPBELL declares he will convict the

Hon. CALDER BOWERS and others for

conspiring to kill Senator GOEBEL.

Question—Do you remember when

you saw GOLDEN come from Eastern

Kentucky to Frankfort? Answer—

Yes, sir.

Question—When was it? Answer—

Five days before GOEBEL was shot.

Question—How many men came?

Answer—I don't know.

Question—Who selected the men?

Answer—How can I know? I saw

the train coming after them at least,

he said he was.

Question—From what other county

did they come? Answer—None.

Question—How many came from

Knox? I don't know how many.

Question—Who selected them? An-

swer—I guess CALDER BOWERS.

Question—What other county? An-

swer—Laurel.

Question—How many came from

Laurel? Answer—I don't know.

Question—Who was in charge of the

men from Whitley county? Answer—

I think FRANK MILLER.

Question—How many, all told, came

to Frankfort from the mountains?

Answer—Between 1,200 and 1,500

men.

Question—Who led them? Answer—

I think CHARLES FISLEY.

And so on, with his "I don't know,"

"I think," and "I guess!"

In spite of objections on the part of

defendants' attorneys the Court ad-

mitted all this as competent testimo-

ny, and who can wonder when the "Court"

is thus "lowered" by The Courier-

Journal correspondent?

"Judge Moore called for order, and

said that if the Sheriff didn't keep

JACK CHINN TO LECTURE.

His Subject Will Be the Political

Situation in Kentucky as It

is at Present.

Frankfort, Ky., March 27.—Col.

Jack Chinn, the devoted friend of the

late Senator Goebel, who was with

him when he was shot, has announced

that he will shortly take the lecture

platform. His subject will be the po-

litical situation in Kentucky, begin-

ning with the late Senator Goebel's

democratic gubernatorial nomination and

covering details of the regular cam-

paign, the contest, assassination, tri-

als of suspects and all other occur-

rences relating to it.

Col. Chinn says he will visit all the

leading cities, and will devote the en-

tire proceeds to the Goebel monu-

ment fund. He has, he says, received

offers from a number of theatrical

organizations asking him to go on

the stage, and this suggested the lec-

ture tour.

FELL FROM A SOFA.

A Man Broke His Neck While His

Wife Let Him Lie for

Several Hours.

Louisville, Ky., March 27.—While

sleeping off a drunken stupor Joseph

Seavey, a machinist living at 323 1/2

cock street, fell from a sofa at 4

o'clock in the morning and broke his

neck. Although the accident hap-

pened in the morning, the man's wife

was sleeping she did not know of

her husband's death until several

hours later.

Mr. Seavey was awakened by the

fall. Her husband did not answer

her, but she thought he was only

sleeping off the liquor and put a pi-

lule under his head and left him.

Several hours later she noticed that

he was lying just as he was when she

left him, and touching his hand found

it stiff and cold.

Corner McMillan found that

death was due to a broken neck.

Escaped Prisoners Recaptured.

Bowling Green, Ky., March 27.—

Three prisoners who escaped from the

Warren county jail here about a year

ago were recaptured at Mt. Pleasant,

Tenn., and brought to this city. At

the time the three in question escaped

they also got away one of whom

was killed by Deputy Sheriff Nat

Curt. Those brought back here are

Bone Kelly, colored, who had been

sentenced to three years in the pen-

itentiary on the charge of house

breaking; Belle Kerry, colored, who

had been sentenced to two years in

the penitentiary, and "Cotton" Jones,

also arrested for housebreaking, but

who had not been tried.

Lewistown, Ky., March 27.—Miss

Lillian Young, who has been attend-

ing to her father's business for some

years, heard a noise at the door at

about 3 o'clock in the morning, and

investigating herself with a pistol

proceeded to investigate. When she

discovered the criminal, she promptly

to go into the house, where she

guarded him till officers could be sent

for. Miss Lillian is the president of

WHOSE TROOPS THESE?

Goebelite Consistency Is "Just Too Lovely For Anything!"

Leontine Brening Post.

The announcement comes from Frankfort that the Government of the pretensions has been applied to protect the Courts from that mythical mountain mob, which it is said is to return, pending the trial of the men accused of complicity in the murder of Mr. Goebel.

How soon one's opinions change position!

In 1888, when the officers of both Houses of the Legislature appealed to Governor Bradley for protection from the toughs and roughs haunting the lobbies, and from the mobs walking the streets, the Governor promptly responded, restoring order and securing to every member of the Legislature a free exercise of his duties as a representative of his constituents.

But at once the Democratic leaders raised a howl. They denounced the Governor from every street corner. A committee was appointed under a resolution accusing the Governor of misconduct in office, with instructions to devise some punishment to fit the crime.

Again, in 1890, pending the election in the city of Louisville, the Governor of Kentucky was requested by the citizens of Louisville to call out the militia, in order to maintain the public peace, to overawe the outlaws and insure the safety of the lives and property of our people.

This step was openly denounced in all the organs of the conspirators. The Governor was referred to as a usurper and a traitor, and his act was made the basis of a petition before the Returning Board to throw out the vote of Louisville entirely, and on this pretext the vote of Louisville was thrown out.

Again, immediately following the assassination of Mr. Goebel, the Governor of Kentucky ordered out the troops for the protection of the property of the state and for the maintenance of peace at the Capital. Again he was denounced in terms more vigorous than polite. The presence of the military seemed to be a red rag to these rebellious Democrats. All kinds of accusations were made against a Governor

NATION'S GROCERY BILL.

What Is Spent Annually By Our People For Groceries.

Marketers Review.

In one of our exchanges the Dairy Commissioner of Wisconsin is credited with the statement that the aggregate expenditure of the people of the United States for food products, exclusive of meats, is \$1,360,000,000. This is the Nation's annual grocery bill. The Commissioner estimates that there are in round numbers 15,000,000 families in this country and he figures \$1,360,000,000 total by multiplying the number of families by \$90, which he estimates is the sum annually spent by each family for groceries.

At \$130 a year each family is credited with an expenditure of \$2.32 a week for groceries, which seems a very low estimate. Perhaps \$3 a week would be nearer the mark, and if we start with that average we get a yearly bill of \$156 for each family, and a total of \$2,340,000,000 for the whole country.

A generation ago sugar constituted nearly one-fourth of the grocery sales of the country, but today, owing to the wonderful increase in the trade of canned goods and grocers' specialties, the staple occupies a greater inferior rank, its sales being perhaps no more than one-twelfth of the total sales of groceries.

Assuming that three-fourths of the total consumption of sugar, or 1,500,000 tons, is supplied by grocers, their yearly sales of the staple, at an average price of 5 cents a pound, would aggregate \$18,000,000, which, multiplied by twelve, gives a total of \$216,000,000 as the grocery bill of the United States. Whichever of these three estimates we accept, and it is impossible to say which is nearest the mark, it is obvious that the distribution of groceries is a very important branch of trade, and it would seem that there is room therein for a large number of dealers without danger of overcrowding.

When children have erratic, irregular habits of eating, it is often due to indigestion and flatulence in the stomach. It will cure the most stubborn cases of indigestion and flatulence. Price 25c and 50c. J. Jas. Wood & Son.
